SUMMARY

Computer Science graduate and Software Engineer with over two years of professional experience developing and maintaining web applications. Skilled in Angular, React, TypeScript, JavaScript, Node.js, Express.js, Cypress, and Git. Experienced in building maintainable software, improving application reliability, and collaborating within Agile teams.

PROFESSIONAL EXPERIENCE

People365

Software Engineer

Jun 2024 – Present

- Developed and maintained Angular features across multiple application modules, building reusable components and improving overall usability.
- Refactored existing components to improve maintainability, performance, and UI consistency.
- Established Cypress testing from the ground up for a large-scale Angular application, achieving 30% automated test coverage and improving regression protection and application reliability.
- Collaborated with developers, designers, and QA in a Scrum environment to deliver features and resolve issues.

Frontend Trainee

Mar 2024 – May 2024

- Completed hands-on training in Angular, TypeScript, Git, and Scrum development practices.
- Built UI components and completed assigned frontend development tasks while adapting to the company's engineering workflow.

PROJECTS

The Online Store | [Live Demo](#) | [GitHub](#)

- Developed a full-stack e-commerce application using React, Node.js, Express.js, and MongoDB, supporting user authentication, product browsing, cart management, and order processing through REST APIs.

Pawfect Match | [GitHub](#)

- Developed a pet adoption platform using PHP, Laravel, and MySQL, enabling pet shops to manage pet listings and users to browse pets and submit adoption requests.
- Implemented authentication and CRUD operations for users, pet listings, and adoption requests.

Personal Portfolio | [Live Demo](#) | [GitHub](#)

- Developed a responsive personal portfolio using React and Tailwind CSS, featuring reusable components, project showcases, contact functionality, and layouts optimized for desktop, tablet, and mobile devices.

TECHNICAL SKILLS

- **Frontend:** Angular, React, HTML5, CSS, SCSS, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, Laravel, REST APIs
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Programming Languages:** TypeScript, JavaScript, Java, PHP, C
- **Tools & Testing:** Cypress, Git, GitHub, Bitbucket, Linux, Figma
- **Soft Skills:** Team Collaboration, Problem Solving, Adaptability, Time Management
- **Spoken Languages:** Arabic, English

EDUCATION

Bachelor of Computer Science | 2026

Lebanese University, Hadath Campus

Full-Stack Web Development Bootcamp | Oct 2023 – Feb 2024

4-Finance Training Center
